ORDER

On September 9, 1997, a decision was issued in CU-97-12, D.R. No. 98-6. The IUOE Local 68 sought to clarify a unit of operating engineers to include all employees in the title of supervisor utility operations. In the decision, significant findings of fact were premised on affidavits submitted by Local 68. The decision stated that although Rutgers was given an extension of time to submit affidavits, it failed to do so. This was incorrect. Rutgers was given an extension of time to submit affidavits that was greater than the time indicated in the decision. Rutgers submitted

affidavits challenging allegations in the Local 68 affidavits after the issuance of the decision but within the time allotted. The conflict of facts created by Rutgers' affidavits can only be resolved at hearing. Accordingly, the order of clarification is vacated and a Notice of Hearing will issue in this matter.
