Any request for a Monday leave must be made before noon on the preceding Friday, and the employee shall have a response by noon on Saturday.

Deductions made pursuant to and benefits proceeding from this Section shall be made solely and exclusively on behalf of the F.O.P. GRIEVANCE PROCEDURE

1. Definition:

A "Grievance" within the meaning of the grievance procedure shall be defined as any difference or dispute between the City and any employee covered by this agreement or the Association with respect to the interpretation, application, or alleged violation of any of the provisions of this Agreement. No employee shall be disciplined, discharged, reduced in rank or compensation without just cause. Minor discipline which results in a penalty of five (5) days of suspension, or equivalent fine, or any lesser disciplinary penalty shall be a proper subject of this Grievance or Arbitration procedure to the extent permitted by law. A grievance to be considered under this procedure must be initiated within fifteen (15) working days from the time when the employee and Association knew or should have known of its occurrence.

2. Procedure:

- a) Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall permit the aggrieved party to proceed to the next step. Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed as an acceptance of the decision rendered at that step.
- b) It is understood that employees shall, during and notwithstanding the pendency of any grievance, continue to observe all assignments and applicable rules and regulations until such grievance has been fully determined.
- c) A grievance shall be instituted and filed at the lowest level and/or step where a remedy is plausible and/or organizationally possible.

STEP ONE:

The grievance shall be taken up first with the immediate supervisor involved in an attempt to resolve the matter informally at that level.

STEP TWO:

If, as a result of the foregoing discussion, the matter is not resolved within fifteen (15) calendar days, it shall be discussed by the employee affected and a member of the Association Grievance Committee with the Captain in charge in an effort to resolve the matter informally at that level.

STEP THREE:

If as a result of the foregoing discussion, the matter is not resolved within fifteen (15) calendar days, it shall within an additional five (5) calendar days, be set forth in writing to the Chief, specifying in detail the nature of the grievance.

STEP FOUR:

Should no acceptable agreement be reached within an additional fifteen (15) calendar day period after the receipt of the written grievance by the Chief, the matter may be submitted by the Association to the Director of Public Safety within an additional fifteen (15) calendar day period. The Director will hold such hearings as he or she deems necessary and will issue his or her decision in writing not later than fifteen (15) calendar days from receipt of the written grievance and record or from the date of the final hearing. If the Director decision's is not satisfactory to the Association, or if the matter resolves an unresolved grievance by the City, the Director's decision or the City's grievance may be referred to arbitration as set forth below, by the City or the Association only. If the aggrieved is a permanent employee, he/she may, in lieu of arbitration, elect to pursue all remedies afforded by the provisions of the Civil Service Act.

STEP FIVE:

In lieu of submitting the grievance to the Department of Personnel, the Association, on behalf of itself or an aggrieved employee, may resort to the remedies in this step, provided, however, that such action must be initiated within fifteen (15) calendar days of the time the Public Safety Director's decision was received or considered due in Step Four. The appeal must be made in writing reciting the matter submitted to the Public Safety Director as specified above. Dismissal of or failure to continue the employment of a probationary employee shall not be deemed grievable or arbitrable.

The following procedure will be used to secure the services of an arbitrator.

- a) A request will be made to the New Jersey Public Employment Relations Commission (PERC) to submit to the parties a roster of persons qualified to function as an arbitrator in the dispute in question and for the selection of an arbitrator in accordance with its rules and regulations
- b) The rules and procedures of PERC shall be followed by the arbitrator. The decision of the arbitrator shall be in writing and shall set forth his/her findings of fact, reasoning, and conclusions on the issue[s] submitted. The decision of the arbitrator shall be binding on all parties. The arbitrator shall be without power or authority to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement, nor shall he/she in any case have power to rule on any issue or dispute not clearly covered by or which is excepted from the

definition of a grievance as contained in this Article or excepted from this grievance procedure by any other provision of this Agreement.

- c) The City and the Association shall assure the employee freedom from restraint, interference, coercion, discrimination or reprisal in the proceedings of his/her grievance through this procedure.
- d) Costs:
 - i. Each party will bear the total cost it incurs in the proceedings, preparing, and presenting of its respective cases[s];
 - ii. The fees and expenses of the arbitrator are the only costs which shall be shared by the two parties. Such costs shall be borne and shared equally by the parties.
- e) The right to request arbitration shall be limited to the parties to this Agreement, solely and exclusively, and either party may demand arbitration.

ARTICLE VIII

 - c) After completion of twenty-four (24) months of service, vacation leave shall be scheduled as follows:

Upon completion of six (6) years in the current calendar year, the employee will be eligible for seventeen (17) vacation days (136 hours) in the following calendar year;

Upon completion of nine (9) years in the current calendar year, the employee will be eligible for eighteen (18) vacation days (144 hours) in the following calendar year;

Upon completion of twenty (20) years in the current calendar year, the employee will be eligible for twenty-four (24) vacation days (192 hours) in the following calendar year.

The date on which the employee was sworn in as a police officer shall be utilized in calculating completion of the above-referenced employment periods. It is agreed that for purposes of determining vacation entitlement, officers hired on or before January 15th of any calendar year shall be treated as having completed the requisite years service in the prior calendar year. For example, an employee hired January 15, 1980 would become eligible for 19 vacation days in

calendar year 1992. An employee hired on January 16, 1980 would become eligible for 19 vacation days in calendar year 1993.

2. The vacation period shall be the calendar year, from the 1st day of January to the 31st day of December. Vacations shall be selected on a weekly segment basis. If, however, there are only four (4) working days in a vacation week, the employee shall be entitled to another day off. Such "in lieu days" are not to be taken until after the vacation. It is understood that the scheduling of vacations is within the sole discretion of the Chief and the Public Safety Director, and such schedules may be changed in the discretion of the Chief and the Public Safety Director in order to meet Department manpower requirements. Any period designated as "blackout days" by the Chief of Police or the Public Safety Director will be identified on or before October 1st.
3. In order to equalize vacation leave distribution, the total number of employees scheduled for vacation each week of the year shall not exceed three (3) officers per tour, absent emergency.
4. An employee on leave due to a line of duty injury shall not be put on the vacation roster if such employee's sick leave and vacation period coincide, and his/her vacation shall be granted at a later date as may be schedule by the employer in the employer's discretion.
5. An employee failing to take vacation then scheduled will forfeit such leave unless written approval to change the scheduled vacation is obtained in advance from the Chief of Police. In the event an employee reports to work during that employee' scheduled vacation and is not sent home, the employee shall forfeit only that amount of the vacation time which the employee worked.
6. In the event an employee becomes eligible for bereavement leave pursuant to Article V while on vacation, the remaining portion of such vacation leave shall be rescheduled.

- c) The lump sum supplemental compensation provided herein for accumulated sick days shall in no way affect, limit, increase or decrease any pensions or retirement benefits otherwise available to any employee.
- d) Notice of intention to claim benefits provided herein must be made in writing to the City on or before November 1st of the year prior to the year in which the retirement becomes effective. In the event that an employee fails to give notice by November 1st for the reason that such employee has not at that time determined to retire, but subsequently, due to some unforeseen reason such employee is compelled to retire,

the employee shall give notice of the condition causing the retirement as soon as possible. In the event that such employee demonstrates valid reason to waive the November 1st notice date, he will receive the benefit provided for. The City, however, if it has not received the notice of intention, may defer payment of all or part of the benefit to the year following the retirement. | Husband/Wife | \$3000.00 |
| Parent/Child | \$2000.00 |
| Single | \$1500.00 |

This will be for employees who have alternate coverage and will be paid twice per year in July and December. This will be an annual election.

5. **Vision Care:** The City will continue, for the term of this contract, to provide vision care through the health insurance.
6. **125 Cafeteria Plan:** The City will continue, for the term of this contract, to provide a 125 Cafeteria Plan.
7. **Medical Coverage after Retirement/Disability:** Whenever an employee has served twenty-five (25) years or more of service credit with the New Jersey Police and Firemen's Retirement System (hereinafter "PFRS") and a period of 25 years with the City at the time of retirement, the City shall provide such employee (and his/her dependents) with medical coverage.

Retirees are only eligible to receive the same level of medical benefits (including deductibles, co-pays and prescription co-pays) as provided to current employees.

Retirees who retire(d) prior to December 1, 2016 shall contribute to the cost of their retiree medical benefits in accordance with the prior practice.

Retirees who retire on or after December 1, 2016 shall pay the health benefit contributions in accordance with Chapter 78. In addition, these Retirees shall also pay fifty percent (50%) of the cost of any yearly increases as the City calculates for the cost of the COBRA premiums, until a new base health benefit is negotiated between the bargaining representative and the City. For example: Retiree retires on December 31, 2015 and at that time his contribution toward the premium is hypothetically \$300.00 per month which is 30% of the cost of the premium which is \$1,000.00. On January 1, 2016 the cost of the premium is now \$1,100.00 per month. Retiree shall pay for 2016, \$300.00 per month plus 50% of the difference between the old and new premiums which is \$50.00 for a total contribution of \$350.00. On January 1, 2017, there is no increase in the cost of the health

benefit premium so the Retiree continues to pay \$350.00. On January 1, 2018, the premium goes to \$1,200.00. The Retiree will now pay \$350.00 plus \$50.00 (50% of the increase) for a total of \$400.00. On December 31, 2017 the CNA expires. Following the new negotiations, the premium is now \$2,000.00 a month. The Retiree will now pay 30% of the cost of the new premium and the pattern will continue until new agreement is reached.

The cost of the premium shall be paid by the City.
- b. **Long Term Disability:** The City proposes a long-term disability plan with a monthly pre-tax benefit of 60% the employee's monthly not to exceed to \$1,000 per month commencing after the exhaustion of short term disability for a 5-year maximum in accordance with the plan's guidelines.

2. The following Units in the East Orange Police Department shall work a "5-2 schedule," which shall consist of not more than five (5) consecutive days on duty, followed by not less than two (2) consecutive days off in each seven (7) day cycle (Sunday through Saturday): 1) Administration Division; 2) Record Bureau and Identification Detectives; 3) Detective Bureau; 4) Traffic Enforcement Unit; 5) Community Service Unit; 6) Court Liaison; and Field Training Unit.
3. Employees shall report to work ten (10) minutes prior to the start of their duty shift.
4. Every effort shall be made, as in the past, to provide that employees working on the "5-2 schedule" shall receive approximately the same number of Saturdays and Sundays off during the calendar year.
5. Each employee assigned to units which shall work the "4-2" schedule as provided in Section 1 above may, at the discretion of the Chief be required to report for police training sessions, not exceeding eight (8) hours duration each, on three (3) scheduled days off (except holidays, vacation leave or other leave with pay) during the calendar year in the case of Sergeants and Lieutenants and two (2) such days in the case of Captains. Transportation will be provided as heretofore for any employee assigned to a training session at a location outside Essex County. Such employees may leave the training range as soon as they have completed their firearms training.

It is agreed that the employee may opt, with approval from the Chief of Police, to attend such police training on either his/her scheduled day(s) off or on his/her scheduled time off. Such approval shall not be unreasonably denied, so long as the employee's option shall not increase the costs of attending the training.
6. Each employee assigned to Units which shall work the "5-2 schedule" as provided in Section 2 above shall receive twelve (12) additional days off per year (which days shall accumulate at the rate of one (1) day per month of service in such unit or units) in order to equalize the number of days off granted to all employees of the Police Department.
7. No employee assigned to the "5-2 schedule" above shall be required to attend police training sessions during his/her off-duty time unless compensated therefor.
8. The Chief of Police may, in his discretion, create new Uniformed Units and may assign such units to work either the "4-2 schedule" or the "5-2 schedule."
9. The Chief of Police may, in his discretion, convert any "5-2 schedule" to a "4-2 schedule."

10. Overtime Provisions:

It is agreed for purposes of overtime compensation that the City has established and utilizes a twenty-eight (28) day work period for law enforcement personnel, pursuant to the Fair Labor Standards Act, 29 U.S.C., ss7(k). The following guidelines shall be utilized in calculating overtime compensation for such employees:

- a) An employee working more than 171 hours in any 28-day work cycle shall be compensated at one and one-half (1 ½) times the employee's regular hourly rate for all hours worked over 171 in the cycle. The 171 hour overtime threshold is based upon regulations promulgated by the United States Department of Labor. It is agreed that should the Department of Labor promulgate a revised regulation specifying a different threshold, such revised threshold shall supersede the 171 hour threshold utilized in this Article. Further, an employee, other than one on a regular forty (40) hour work week, may opt for overtime compensation in the form of compensatory time off. Said compensatory time for this class of employees shall be granted as follows:
 - ii. One (1) hour of compensatory time off for every hour of overtime worked up to the first ten (10) hours of overtime worked within said 28-day work cycle;
 - iii. One and one-half (1 ½) hour of compensatory time off for every hour of overtime worked beyond said ten (10) hour threshold within said 28-day work cycle.
- b) In addition to the foregoing, the City agrees to provide overtime compensation to employees who work more than forty (40) hours in any one regular week. This is defined as "other overtime," which shall be compensable, at the employee's option either by payment at one and one-half (1 ½) times the employee's regular hourly rate, or by granting compensatory time off on a one and one-half (1 ½) hour of compensatory time granted for every one hour of overtime worked in excess of forty (40) hours in any one (1) regular week.
- c) In the event an employee sustains a line of duty injury and is consequently unable to complete a regular work week, overtime compensation at time and one-half will be allowed on a daily basis for all time worked in excess of eight (8) hours in any work day during such week.

11. Minimum Call-Back Pay:

Any employee who is called back to work after completing his/her shift and leaving the employer's premises or who has to appear in Court during his/her day off or time off shall receive a minimum call-back payment of two (2) hours at either the employee's regular hourly rate or, if otherwise applicable, the employee's overtime rate. This minimum call-

back provision applies only to situations where employees are called in to work or appear in Court at time which are not contiguous to their work schedules. The City shall have the option to require any employee receiving call-back pay to work the full two (2) hours.

12. Compensatory Time Bank:

Any employee opting to receive compensatory time off in lieu of overtime payments shall be governed by the following provisions:

- a) Effective upon the ratification of this Agreement in 1996 and thereafter, each employee shall have maximum accruable compensatory time bank which shall not exceed four hundred and eighty (480) hours at a time. No employee shall be permitted to accrue additional compensatory time unless and until said time bank is reduced below the maximum threshold number.
- b) Those officers who may presently have accrued compensatory time in excess of the maximum threshold number shall suffer no loss of time or compensation. However, any employee who currently has compensatory time in excess of the 480 hours shall not be permitted to opt for additional compensatory time unless and until said compensatory time bank falls below 480 hours. For these officers, any compensatory time not utilized prior to the officer's retirement shall be paid to that officer at the time of separation in accordance with the other relevant clauses of this Agreement.
- c) For those officers who have less than 480 hours of compensatory time in the bank as of the signing of this Agreement, should, through some circumstances, their compensatory time bank exceed the 480 hour maximum, they shall be responsible to utilize all hours in excess of 480 hours prior to retirement. For those officers only, the City shall only pay for 480 hours at a time of retirement. Should said officer die prior to retirement, however, his/her estate shall receive full payment in accordance with other relevant provisions of this Agreement.

13. Shift Bid and Schedule Change:

- a) By December 1st of each year, shift assignments for employees working in the Patrol and other Uniformed Divisions shall be made, where all ranks and qualifications are equal, pursuant to a seniority bid system. (For purposes of this Section, "qualifications" shall also include an officer's ability to properly function within the "Community Policing Program" philosophy established by the City.) Each of the affected employees shall list their shift choices in order of preference. Assignments shall be made upon seniority and shall commence on January 1st and shall remain in effect until the procedure is repeated in the subsequent year.
- b) This bid system shall not be interpreted to mean that duty assignments, such as detective bureau, traffic and safety, etc., are achieved through this bid system. Those assignments shall continue to be staffed in accordance with law and City ordinance.

However, should more than one (1) shift presently exist or should the employer institute more than one (1) shift in each of those respective divisions, then those employees assigned to said divisions shall follow the same bidding procedure as outlined herein above, but within each employee's respective division.

- c) In order to meet the needs of training and/or specialized abilities, shift assignments may need to be altered in order to meet the bona fide safety needs of the citizens of the City. In these cases the changes shall be made with timely notice (at least one week) and explanation and shall last until such time as the specific need[s] has/have been met, at which time the affected employee shall be returned to the originally bid shift. Any changes made in accordance herewith must be in blocks of a full tour, either four (4) or five (5) days dependent upon the respective employee's regular tour rotation. No single day switches can take place without the payment of overtime.
- d) These provisions shall not be used to preclude employees from voluntarily switching or swapping shifts with one another prior to any re-bid date. However, such switches shall be in accordance with current practice and with the approval of the Chief of Police of his designee. Such approval shall not be arbitrarily or capriciously withheld.
- e) Any officer whose duty assignment is changed prior to the annual bidding process shall be placed into his/her new assignment with preference given, as far as practicable, to the employee's request based upon seniority. However, no employee shall suffer any alteration to previously picked time off as a result of the City's decision to change assignments.
- f) In the event of a bona fide police emergency as defined by appropriate New Jersey Statute, and provided volunteer police officers acceptable to the Chief of Police are not available, officers may be assigned without regard to seniority to a particular shift in blocks of full working tours until such time as the emergency is satisfied or for no more than four (4) full working tours of duty. After four (4) tours, said individual(s) shall be returned to his/her original shift. If such return is still precluded due to the continuation of the emergency situation, then said officer shall be paid on an overtime rate for all time working any shift which differs from the original shift.

14. Meal Break

Each employee shall be granted a paid meal break not to exceed thirty (30) minutes during each eight (8) hour tour of duty. During said break, the employee shall remain "on call" and shall be required to respond to any priority one (1) call for service which may arise. Any employee denied their meal break shall receive the equivalent credit as compensatory time.

ARTICLE XX

CONTINUING EDUCATION

1. Any covered Employee who has been employed by the City for at least two (2) years shall be eligible to receive continuing education reimbursement for successful attendance and satisfactory completion of direct job-related continuing education courses, or in the pursuit of a college degree at any community college or state college. The City of East Orange will contribute a maximum of twenty thousand (\$20,000.00) dollars per calendar year towards tuition reimbursement. The reimbursement will be at a rate of up to a maximum of one thousand dollars (\$1,000) per employee per year, subject to the twenty thousand (\$20,000.00) dollar maximum per calendar year. Reimbursement may be for tuition, books, and fees only. The degree program being sought must have as a major either Political Science, Public Administration, Psychology, Sociology, Computer Science, Criminal Justice or any other course approved by the Public Safety Director for undergraduate coursework only.
2. In order to be considered for reimbursement, the Employee must, prior to registration for the course, provide the Public Safety Director with a complete course description and the relationship of the courses required for the degree program, if applicable, or a statement of how the course relates to the officer's duties and will enhance his skills, as well as the entity giving the course and the location. The Public Safety Director and the City Administrator will then provide notice of eligibility of the course for reimbursement. To be eligible for such reimbursement, the officer must provide proof of completion of the course with a passing grade of "B" or better or a "Certificate of Attendance/Completion." Reimbursement will require the appropriate documentation and receipts indicating the expenses paid. The expenses will then be reimbursed, provided that the officer has been on active duty with the City of East Orange during the full term of the course. No request for reimbursement will be unreasonably denied. However, failure to comply with the approval provisions of this paragraph may be a proper reason for denial. All documentation must be submitted no later than December 31 for classes taken in that calendar year.
3. Employee utilizing this provision and receiving the benefits of this program and section shall commit to continued employment with the City of East Orange as follows: If an individual leaves the employment of the City of East Orange within one year of receipt of the reimbursement, said employee shall reimburse the City of East Orange the full amount of any reimbursement received; if the officer leaves employment within one (1) to two (2) years of receipt of the reimbursement, said employee shall reimburse the City in the amount of 66% of the reimbursement received; and if the officer leaves employment within two (2) to three (3) years of the receipt of the reimbursement, the officer shall reimburse the City 33% of the reimbursement received.
4. Notwithstanding Section 3 of this Article, if an Employee separates from service with the City based upon a disability retirement which is job-related, the Employee will not be obligated to reimburse the City for any outstanding tuition reimbursement.
