This Agreement, made this ____ day of _____, 2020 by and between the Brick Township Municipal Utilities Authority (hereinafter called "the Authority") and Office & Professional Employees International Union Local 32 (hereinafter called "the Union"). This Agreement shall run from January 1, 2020 through December 31, 2022.

PURPOSE

It is the intent and purpose of the parties hereto to promote harmonious and cooperative relationships subject, however, to the paramount right of the public to keep inviolate the guarantee for their health, safety, and welfare. Unresolved disputes between the Authority and the Union are injurious to the public and both parties are, therefore, aware that adequate means must be established for minimizing such disputes and providing for their resolution. The Authority and the Union agree that this overall policy may be best accomplished by negotiating in good faith in entering into written agreements evidencing the results of such negotiations and establishing procedure to provide for the protection of the rights of the Authority and the Union, and to insure orderly and uninterrupted service to the public.

1. RECOGNITION

1.1 The Authority recognizes and acknowledges that pursuant to the New Jersey Employer - Employee Relations Act, the Union has been certified as the sole and exclusive bargaining agent for all of the Authority's eligible full time regular employees as contemplated by the certification of Representative of the State of New Jersey Public Employment Relations Commission, Docket No. RO-93-113. The parties agree that effective October 1993, the position of working foreman shall be created and not be included in the bargaining unit. The intent of this position is not to change the call out procedure.

1.2 The Authority and its agents will not discriminate in any manner whatsoever against any member of the Union because of said membership and activity.

1.3 Union Rights

All Employees who have joined the Union or who join the Union in the future shall remain members for the duration of this contract, with the exception of the period they are allowed by statute to withdraw.

Upon presentation to the Authority of a duly executed authorization form, the Authority agrees to deduct from the pay of all employees who are members of the Union as defined in this Agreement, monthly dues and initiation fees, in such amounts as shall be certified by the Union to be due it under the terms of its Bylaws, and to remit said sums thus deducted prior to the end of the month following that for which the deduction is made. The Union shall indemnify and hold the Authority harmless against any and all claims, suits, orders or judgments brought or issued against the Authority as the result of any action taken, initiated, or brought against the Authority as a result of the provisions of this Article.

The parties agree that for the term of this Agreement, in accordance with New Jersey Statutes, any employee in a title covered by this Agreement who is not a member of the Union shall pay an agency shop fee equal to 85% of the dues, initiation fees and special assessments of the bargaining agent. Such fees shall be deducted from the pay of the employees affected following the successful completion of the first ninety (90) working days of employment. The contract language shall serve as authorization for the deduction of these fees. The bargaining agent agrees to save the Employer harmless from any and all actions it takes under this Article.

1.4 Shop Stewards

A total of four shop stewards and four alternates will be elected. One will be designated as Chief Steward. The Chief Steward and the appropriate shop steward or alternate shall be permitted to be present at all formal grievance presentations.

1.5 Union Visitation-Bulletin Board

Effective with this contract the Union will replace the current bulletin board with one that is capable of being locked. A Union bulletin board will be put in place at the water treatment plant.

The accredited representatives of the Union shall be permitted to enter the Authority premises after giving advance notice to the Executive Director during working hours, with the proviso that at no time shall such visitation rights interfere with the work requirements of any employee or the operation of his department or the Authority.

The Union will submit all notices and bulletins to the Executive Director for signature prior to officially posting any notice on the union-designated bulletin boards as mutually agreed in the locker room. The shop steward will be required to sign, date and identify the source of the posting. Simultaneous with posting, the Union will provide the Executive Director with a copy of the fully executed posting. The Executive Director's signature is not for approval.

1.6 Labor Management Committee

A committee composed of representatives of the Union and the Authority shall be established to recommend resolution of problems dealing with the implementation of this Agreement, job assignments, caseload/workload, health and safety, job scheduling, or other matters related to the working conditions of the employees. Meetings shall be scheduled at a time and place determined by the Labor/Management Committee and approved by the Executive Director.

1.7 Management Rights

The Authority hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties, and responsibilities conferred upon it and vested in it by the laws and Constitution of the State of New Jersey and the United States of America; except as may be specifically modified by this Agreement. These rights will include, but not be limited to, full operating efficiency and productivity in the direction of the work force. All of the terms and conditions of

employment not specifically set forth herein or not specifically covered by existing statutes are hereby reserved by the Authority as its management prerogatives and rights.

1.8 Strike-Lockout Pledge

During the term of this Agreement or any extension thereof, there shall be no strikes, walkouts, and stoppages of work, sit-downs, slowdowns, boycotts, or any other direct or indirect interference with the Authority's operations. The Authority agrees that there will be no lockout during the term of this Agreement or any extension thereof. In the event of any breach of this clause, the Authority and the Union shall have the right to institute a suit in the appropriate court for damages and/or injunctive relief, without regard to and without having to invoke, proceed under, or abide by any provision for grievances and/or arbitration.

2. **NEGOTIATION PROCEDURES**

On or about October 1st of the calendar year preceding the expiration of this Agreement, the Authority and the Union agree to enter into collective negotiations on a successor Agreement in accordance with Chapter 303, Public Law 1975, as amended. Until a new Agreement is reached, the current Agreement remains in effect.

3. **EMPLOYMENT STATUS**

3.1 Hiring Practice

The Authority will hire on the basis of qualifications, without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality, sex, political affiliation or membership or non-membership in any organization.

3.1.1 Any employee who believes that they have been discriminated against in any manner shall have the right to file a grievance directly with the Executive Director or the Affirmative Action Officer. In the alternative, the employee also has the right to file a grievance in accordance with the grievance procedure set forth in Section 7 of the Collective Bargaining Agreement.

3.2 Probationary Employee

For appointments in Authority service, the working test or probationary period shall be ninety (90) calendar days, not subject to extension. During that period, the probationary employee will receive no benefits, and the Authority may terminate the service of any such appointee if, in the opinion of Management, the appointee is unable or unwilling to perform the duties of the position satisfactorily or is of such reputation, habits, or capabilities as not to merit continuance in the service. In each such case, the Authority shall give notice to the appointee whose service is discontinued.

During the probationary period, assuming that the probationary employee is not terminated during the probationary period, it shall be mandatory for the supervisor to evaluate the employee three

times, once at the end of thirty (30) calendar days, once at the end of sixty (60) calendar days, and again at the end of the evaluation period. These evaluations along with management's assessment of said employee will constitute the grounds for continuation or dismissal. If a probationary employee is selected for another position or job title while the employee is on probation, a new full time probationary period begins for another ninety (90) calendar day period. In addition to the ninety (90) calendar day probation period for new employees, there shall also be a ninety (90) calendar day probationary period for employees who have changed classification. In cases of classification changes or promotion, all current benefits shall continue during this period. The wage rate for such change in classifications shall be set by the Authority within the range of the new classification and posted along with the job. The Authority shall notify the Union when an employee completes probation. The Authority shall notify the Union when an employee completes probation.

3.3 Temporary Employee

A temporary employee is one who is:

- (a) hired to replace a regular employee who cannot work for a specified period of time;
- (b) hired for a specific job, for a specified period of time.

Temporary employees are hired any time of year BUT not to exceed 90 consecutive days-or the contract shall prevail.

If the temporary job turns into a permanent one, then the job will be posted, the same as any other opening in the authority. Temporary personnel will have the right to bid on jobs posted; however, they will not be given credit for length of service while on temporary status.

3.4 Seasonal Employee

A seasonal employee is classified as one who is hired to work during the summer months. Seasonal employees are employees who are employed during the months of May through September and whose employment is terminated by the end of the season and employed not more than ninety (90) consecutive days.

3.5 Regular Employee

A regular employee is one who has completed the probationary period. Upon successful completion of the probationary period, personal, sick and vacation time shall accumulate from the first day of regular employment, but any unearned time absent during the probationary period will not be payable.

3.6 Resignation

Notice of resignation is to be submitted to the Supervisor in writing, stating the reason and the exact date of resignation. A minimum notice of two weeks is required for the resignation to be in good standing, unless a special request is made by the employee to leave sooner, which must be

approved by the Authority. The employee will remain on duty for the period of notice. Failure to give adequate notice will result in a resignation that is not in good standing. If any employee has given two weeks' notice and is advised that he may leave before the notice period expires, he will receive pay for the remaining portion of the notice period. All uniforms, keys, safety issue, identification and Authority property issued to the employee must be turned in prior to receipt of final pay checks.

3.7 Posting of Jobs

All openings for regular positions will be posted on the bulletin boards, and a copy of the posting will be supplied to the Shop Steward. All employees may bid on such openings, and applications submitted in writing will be reviewed jointly by the Supervisor, Department Head, and Executive Director. The following conditions apply to posting of jobs:

- A) Jobs are to be posted for seven (7) working days.
- B) Applications are to be submitted in writing to the Department Head.
- C) All applicants will be notified in writing as to selection.
- D) Jobs will be filled on a temporary basis if a grievance as to selection is submitted within two working days, pending resolution of the grievance.
- E) If more than one employee qualifies for the position, seniority shall prevail, provided all other qualifications are equal.
- F) The Executive Director shall notify the appropriate shop steward of the selection prior to filling the position.

Employees will not be permitted to downgrade themselves, unless there are extenuating circumstances approved by the Executive Director as in the best interests of the Authority and the employee concerned.

If the Executive Director deems it necessary to fill any position on a temporary basis for longer than a two-week period, the employee filling the temporary position and the appropriate shop steward will be notified prior to the appointment being made.

3.8 Job Classification

The Authority reserves the right to review the present job classification of each employee and, should they deem it necessary, may promote or demote to a higher or lower level. Demotions shall be handled in accordance with Article 6.1. The Authority will furnish the Union any and all job descriptions within the job classification in this bargaining unit.

3.9 Employee Evaluations

Every employee will be evaluated on a periodic basis on a schedule and procedure as formulated by the Executive Director.

The performance and disciplinary appraisal will be conducted a minimum of once each year and shall become part of each employee's personnel file.

Signing of the evaluation form by the employee after discussing it with the Supervisor indicates only acknowledgment that the evaluation was received, not concurrence with what it contains. The evaluation form shall contain the following language preceding the employee's signature: "The undersigned hereby acknowledges receipt of this evaluation" and the date. Should an employee feel that an unfair evaluation was given, the regular grievance procedure should be followed, as outlined in Section 7.

3.10 Layoff and Recall

In the event of layoff or transfer, the last person hired in the position in question shall be the first to be laid off or transferred. Within each division, an employee scheduled for such action has the option to bump a less senior employee in another classification, provided that the qualifications for the other classification are met. Similarly, the last person laid off or transferred shall be the first to be recalled, in accordance with seniority.

Employees shall remain on a recall list for one year. They shall retain all seniority. The last person laid off in a given classification shall be the first person recalled in that classification.

The Authority shall notify the laid off employee at his/her last known address of his/her recall to work, by certified mail. The employee shall respond within seven (7) calendar days and return to work, if gainfully employed elsewhere, within fourteen (14) days. Failure of a laid off employee to respond within seven (7) calendar days shall result in forfeiture of all recall rights.

All part time and temporary employees doing blue collar work, shall be laid off before regular employees. Any employee on layoff status shall not accrue seniority or benefits of any nature during layoff status.

3.11 No-Smoking Policy

Effective January 1, 1991, all BTMUA buildings, facilities and vehicles were declared smoke-free and vapor free. Suitable receptacles have been provided outside building entrances for smoking materials to be extinguished before entering.

4. **SALARIES**

4.1 Starting Rate

The minimum starting rate of pay for each position is established in Schedule A of this Agreement. For the term of this contract, the hourly rates of pay shall be increased as follows:

Effective January 1st of each year of this contract, salaries of all bargaining unit members will be increased as follows:

2020	=	2.8%
2021	=	2.8%

2022 = 2.9%

These salary increases and any applicable retroactive payments, shall apply only to persons employed by the Authority on the date of execution of this collective bargaining agreement.

Salary placement of all new hires shall be at management's discretion. However, in no event shall a new hire be placed at a higher salary than an employee in that same classification, already in the MUA's employ. After six (6) months' employment, management shall have the right to increase said employees' salary based on said employee's performance over the first six (6) months.

Upon the signing of this Agreement, a one-time "signing bonus" shall be given to each member of the bargaining unit on the next payroll cycle following the full and complete execution of the final contract. Said "signing bonus" shall be calculated at 0.5% of the employee's base salary after factoring in the 2.8% increase for 2020.

4.2 Out-of-Title Work

When an employee performs the work of a higher-level employee, thereby being assigned duties and responsibilities clearly above and beyond the employee's regular job title, duties and responsibilities, the employee will receive a 10% increase over his/her hourly rate presently earned. Such additional pay shall commence after completion of one work day of such work assignment, to be paid no later than the following pay period in one (1) hour increments.

Seniority shall prevail in the selection of the person to be upgraded. If it becomes necessary to fill the position on a permanent basis, the position shall be posted in accordance with the contract. Any time served filling a temporary position shall not count toward the probationary period in the event that employee is selected to permanently fill the position.

4.3 Pay Checks

Pay checks will be issued weekly. If the normal pay day falls on a holiday, pay checks will be issued on the closest possible prior work day.

Payday shall continue to be at the discretion of the Authority. The Authority will make an effort to distribute checks on Thursday afternoons. However, the Authority reserves the right to move payday back to the Friday if it deems it necessary.

Advance pay will be given for vacation days only, provided the request is for five days or more. Advance vacation pay will be given only for the number of vacation days which fall on or before the pay days on which the employee will be on vacation. All requests for advance vacation pay must be received by the employee's supervisor by the Friday prior to the pay day when the check is to be received.

4.4 Payroll Deductions

Payroll deductions will be made for Federal and State income taxes, Social Security tax, State Unemployment insurance, State disability insurance, and in the case of regular employees, the Public Employees Retirement System payments.

At the employee's option, deduction shall be made for contributory insurance, savings bonds, and savings accounts.

In the event of such an emergency, the employee must notify his Supervisor before leaving the job.

5.7.4 Early Dismissal

Those employees who must remain at work when others are discharged early (Christmas Eve, New Year's Eve) shall receive straight time for the number of hours involved in addition to their normal pay. Those employees on vacation during such times will be charged vacation time, no adjustment given.

5.8 Meal Tickets

Any employee working two hours continuously before or after the shift on any particular day is entitled to a meal ticket, with an additional meal ticket for every four hours overtime thereafter. The rate for meals is \$10.00. Reimbursement will be made via payroll.

The intent of issuing a meal ticket is to allow employees who work unscheduled or emergency overtime a reimbursement for a meal they purchased. No reimbursement for personnel for a meal ticket who work scheduled overtime.

5.9 Emergency Response System (ERS)

The Emergency Response System is designed to provide after hour emergency coverage for the purposes of protecting/maintaining the Authority's water and sewer infrastructure, as well to protect the health, welfare and safety of the public.

5.9.1 General Guidelines

- A) All field bargaining personnel will be covered by the ERS, except for those covered under paragraph 5.9.2-K.
- B) The Authority will continue to reserve all management's rights and prerogatives.
- C) Divisional cross-over will be permitted within ERS assignments, provided the employee is qualified.
- D) ERS coverage begins and ends at the start and close of routine/regular shifts as per division assignment, seven days a week. If during the last fifteen (15) minutes of the work day, known as the "personal wash up time", an emergency call is received that results in unscheduled overtime, the employee assigned to respond shall be eligible for one-hour minimum overtime.

- E) Qualifications and placement within the ERS will be at management's discretion (Management is defined as supervisor and/or director). The Authority will provide union and steward with changes to the ERS list.
- F) Transfer of ERS duties will be administered by the supervisor. The employee will remain responsible for duty until the employee secures a qualified replacement and confirms transfer of duty with the Supervisor. Certain absences (vacation, personal, sick, etc.) will automatically absolve/remove the employee from ERS duty. Upon vacancy management reserves the right to assign ERS duty to an employee in the ERS. Employees are responsible for exercising reasonable care in responding to calls.
- G) Communication devices issued to employees for ERS duty will be used for company business only. Any personal use of these devices will result in disciplinary action.

5.9.2 *Compensation for Response*

- A) Each division will have primary responders for all applicable calls.
- B) Divisional assignments will be at management's discretion.
- C) Employees responding will be paid applicable overtime rate for actual work session plus travel time, not to exceed 45 minutes from the place of notification to Authority grounds. Travel time from Authority grounds back to employee's home will not exceed 30 minutes. Employees will contact Control upon arriving home. Time in excess of 45 minutes to Authority grounds will not be paid and may result in disciplinary action.

The authority will offer that any hours actually worked after 12:00 a.m. will be acknowledged by an hour-for-hour comp-time to be used before the next shift when called in to work. This applies to emergency hours only and is not applicable to water plant operators.

This compensation time is intended to be used to rest prior to the next scheduled shift. However, should the employee be required to stay on past the next scheduled shift he/she will be able to take this time at the shifts end. This time is not intended to be used by personnel called to work prior to the start of their shift by a couple of hours. Therefore, when an emergency call-in is required after 5:30 a.m., no compensation time will be granted. Only the call-in fee and two (2) hours minimum will apply. Also, compensation time earned that day will only be available for use the same day regardless of the amount of time earned.

- D) Employee responding will punch time card in and out.
- E) Employees, once responding, will be entitled to a minimum of two (2) hours applicable overtime, inclusive of time called/time home per call.

- F) Regular benefits are available to employees on ERS duty from time they are in-route until time home, within limited parameters.
- G) A call response payment will be made to responding employee in accordance with the following schedule. Employees on the clock will not receive a response payment. Declining schedule is relative to one off-duty response period.

Schedule 1:

Water Distribution Division – Crew Chiefs & All Primary Employees

Note: Employee will receive minimum of two hours applicable overtime, inclusive of time called/time home per call, plus applicable overtime rate for hours worked beyond the two hour minimum.

Meter Division – Customer Service

ERS call-outs will provide a \$50.00 response payment.

Note: Employee will receive minimum of two hours applicable overtime, inclusive of time called/time home per call, plus applicable overtime rate for hours worked beyond the two hour minimum.

- H) For the employees who are assigned a pager, a fixed rate of \$1.75 per hour will be paid, to employee, for off-duty period. A fixed rate of \$2.50 per hour will be paid for Sundays and holidays. Employee is required to have an active pager in their possession at all times during the off duty period. Failure to perform in this fashion will result in disciplinary action. Beeper assignment will be on a daily rotation or weekly rotation schedule, using the current ERS list for each division.

- I) For calls that originate while employees are already working at the Authority either on regular time or overtime, the Authority reserves the right to utilize the services of all employees already on the clock.
- J) If an employee is called back for ERS duty within one hour after punching out for the day, clock time will be considered to be continuous as of the punch-out time, and if two hours beyond the preceding 8 hour shift are worked a meal ticket will be issued. (This will be for computing time for meal tickets only, not for overtime pay.) Payments for meal ticket will be \$10.00. Reimbursement will be made via payroll.

 - 4) Regular benefits are available to employees on ERS duty from the time they are in-route until time home, within limited parameters.

5.9.3 Management Prerogatives

For calls which originate while someone is already working at the Authority either on regular time or overtime, the Authority reserves the right to utilize the services of the person already on the time clock, instead of having to call the on-call person, provided that the person already working has the proper qualifications.

If it is deemed in the best interests of the Authority, Management reserves the right to utilize on call personnel for emergency repairs and/or response which may not normally be assigned to that particular department. Wherever possible, Management will attempt to contact people in the correct department; however, when it is not possible during an emergency, other personnel will be utilized.

5.9.4 Continuing Clock Time

If an employee is called back for duty within an hour after punching out for the day, clock time will be considered to be continuous as of the punch-out time, and if two hours are worked, a meal ticket will be issued. (This will be for computing time for meal tickets only, not for overtime pay.)

5.10 Compensatory Time

In lieu of overtime pay, the employee may opt to accrue compensatory time at the applicable overtime rate, as approved by the Executive Director, or designee. Compensatory time may only

be accumulated to a maximum of forty (40) replenishing hours. The time accrued during the calendar year will be used by December 31st of that year, or it will be paid as overtime. The use of compensatory time is to be approved by the Supervisor or Department Head with as much advance notice as possible.

6. DISCHARGE AND DISCIPLINE

The Authority reserves the right to discipline employees subject to the grievance procedure. When an employee is reprimanded, a full report in writing shall be given to the individual concerned and to the employee's shop steward. A copy of the report will be placed in the employee's personnel file. At any discussion concerning disciplinary action, the employee will be entitled to have the shop steward present.

Every employee will have the right to review his own personnel file in the presence of his Supervisor or the personnel clerk. A request to do this must be done through the employee's Supervisor, who will make the necessary arrangements for the review, after working hours.

The employee's shop steward, if requested, may be present. For a period of thirty (30) days following the execution of this Agreement, all employees shall have the right to review and photostat material in their personnel files.

If an employee wishes to have an infraction letter removed from his/her file, the employee may make such a request in writing to the Executive Director. Consideration of the request will be given by a review board consisting of the Executive Director, Department Head, Supervisor and Shop Steward. Upon majority consent of the review board, the infraction letter under consideration will be removed.

7. GRIEVANCE PROCEDURES

Should any differences arise between the Authority and the Union, or Union members employed by the Authority, as to the terms and conditions of this contract or a violation thereof, there shall be no suspension of work on account of such differences, but an earnest effort shall be made to settle such differences immediately through the following procedure in the order specified. Grievances filed through this procedure may only be filed by the Union or its representatives.

Step 1 Within five (5) working days after the occurrence of the act giving rise to the grievance, the employee must discuss the alleged grievance directly with his immediate supervisor in the presence of his shop steward. If no satisfactory disposition of the matter is reached, then the matter may be submitted to Step 2.

Step 2 Within six (6) working days after meeting with the Supervisor, the grievance must be reduced to writing and presented by the Union to the Department Head or his designee. Step 2 meeting is in discretion of Department Director. Failure to submit a written grievance within said six-day period shall be deemed to constitute a waiver of the grievance. If no satisfactory disposition of the grievance is reached at this Step within 10 working days of such submission, the matter may then be submitted to Step 3.

Step 3 Within seven (7) working days after the decision of the Department Head under Step 2 has been received, if the employee is unsatisfied with the results, the grievance must be submitted to the Executive Director. Any impartial arbitrator designated hereunder, to whom any grievance or dispute shall be submitted in accordance with the provisions of this Agreement, shall have jurisdiction and authority only to apply and interpret the provisions of this Agreement. The arbitrator shall limit himself to the issues submitted to him and shall consider nothing else. The arbitrator shall not add anything to nor subtract anything from the parties' Collective Negotiations Agreement. The arbitrator shall only have jurisdiction to rule on grievances which pertain to an alleged violation of this Agreement. If the grievance does not allege a violation of this Agreement, the Union may not request the appointment of an arbitrator.

The decision of the arbitrator on any matter within his jurisdiction shall be final and binding upon the parties. The expense and fees of the arbitrator shall be shared equally by both parties.

Any grievance shall be considered as settled on the basis of the last answer of the Authority if not appealed to the next Step or to arbitration within the time limitations set forth herein. Time is of the essence.

The disposition of any grievance at any Step of the grievance procedure, prior to actual receipt of the decision of the arbitrator, by agreement between the Authority and the Union, shall be final and binding upon the employee, employees, or persons who are involved or affected thereby. Any interpretation of this Agreement agreed upon by the Authority and Union shall be final and binding upon all employees and upon any person affected thereby.

If the Authority does not respond to a grievance within the time period set forth in the grievance procedure and the Union wishes to pursue the grievance, the Union shall advance the grievance to the next Step at the expiration of the time period provided for the Authority to respond to the grievance. The employer shall issue a letter of notice to the employee, informing the employee that the employee has taken five occurrences per calendar year of absenteeism. This will inform the employee of the absenteeism situation. This letter shall not be used for disciplinary purposes, but as informational only. Such extended leave of absence will be granted for a period of one month, per request. Employees may request a total of three months, which shall be subject to the approval of the Authority.

Workers' Compensation runs concurrent with FMLA leave time. Any payments made by Workers' Compensation Insurance will be turned over to the Authority. After 12 (twelve) weeks of receiving full regular salary, the employee may be examined and evaluated by a physician and/or therapist designated by the Authority. The employee will continue to be examined monthly by the designated W/C physician/therapist until the employee returns to work or a determination is made by Workers' Compensation Insurance.

If an employee is granted by the Authority Board of Commissioners an extension of leave covered under workers' compensation, then the employee shall continue all insurance benefits until said extension expires.

If the designated W/C physician/therapist determines that the employee is able to return to work at that time to full duty, workers' compensation payments will cease. The decisions of the Authority's designated physician/therapist shall not be subject to the arbitration provision of any Collective Bargaining agreement. Please note that vacation, sick, and personal leave time will not accrue while an employee is out on extension of leave (as granted by the Authority Board of Commissioners).

12. BENEFIT WAIVER REIMBURSEMENT

12.1 Health & Prescription Coverage — "Opt Out" Program

1. The "Opt Out" Program is offered for Health & Prescription benefits only. Dental and Vision benefits are not included in the program and you will be required to contribute minimum

of 1.5% of your base salary not to exceed the total cost of coverage per month for both types of coverage.

2. The employee shall contact Human Resources Department to enroll in or terminate the "opt out" program.

3. Proof of alternative coverage is required to participate in the program. Copy of Insurance ID Card showing level of current coverage, and when necessary, a letter from parent's employer listing you — our employee as a covered dependent and covered-through date.

4. The employee will only be able to opt back into the Authority's health & prescription plans should alternate coverage be lost, or during open enrollment of the Authority's plans.

5. A waiver signed by the participating employee will be required confirming an understanding of items #1 and #2 above. A new waiver must be signed by participating employees each plan year.

6. State mandates regarding maximum waiver amounts have changed since the inception of our plan and are to be paid as follows:

- Waivers shall not exceed 25% or \$5,000.00, whichever is less, of the amount saved by the employer because of the employee's waiver of coverage".
 - a. Add the total monthly health and prescription premiums together;
 - b. Subtract out what would have been the employees expected contribution by comparing (1.5% base salary) to (health and prescription premium totals and level of coverage percentage of premium), then using the larger amount;
 - c. This total will then be multiplied by 25% and compared to the maximum waiver allowed by law \$5,000.00, the lesser to which is the established allowable waiver paid by the following schedule: Equal payments will be made quarterly at the month end of January, April, July and October.

7. If the "opt out" program is terminated by the employee, the quarterly payout will be calculated on a pro-rated basis.

8. All "opt out" payments are taxable compensation to the employee under Section 125 Cafeteria Plans, cash benefit.

9. Program description and procedure are subject to change as deemed necessary by the Authority.

The Supervisor will submit the request with his/her recommendation to their Department Head who will in turn submit to the Executive Director for review and approval. The Executive Director will determine the merits and advantages to the Authority of such additional education.

The amount of required or requested classes will not be included in an employee's annual maximum reimbursement amount.

Obtaining a higher education degree which may qualify an employee for an upgrade will not entitle said employee to immediate salary increase.
