## **ARTICLE II - GRIEVANCE PROCEDURE**

### **2.1 Definition**

A grievance shall mean a complaint of a personal loss by a teacher (1) that there has been as to him a violation, misinterpretation or inequitable application of any of the provisions of the Agreement, or (2) that he has been treated unfairly or inequitably by reason of any act or condition which is contrary to established Board policy or administrative decision governing or affecting teachers. However, the term "grievance" shall not apply to any matter (a) which is a complaint of a nontenure teacher arising by reason of his not being reemployed, or (b) which is a complaint by any certificated personnel occasioned by appointment to or lack of appointment to, retention in or lack of retention in any position for which tenure is not required, (c) a matter affecting a teacher arising by the reason of the application of any rule or regulation of the State Commissioner of Education. A grievance to be considered under this procedure must be initiated by the teacher within thirty calendar days from the time when the teacher knew or should have known of its occurrence. As used in this definition, the term "teacher" shall mean also a group of teachers having the same grievance.

### **2.2 Purpose**

Any individual teacher or group shall have the right to present a grievance affecting him. With respect to his personal grievances, he shall be assured freedom from restraint, interference, coercion, discrimination, or reprisal in presenting his grievance. He shall have the right to present his own grievance or to request a representative, and the Association shall appoint the representative. The teacher has a right to have a representative appear with him commencing with Level Two and all-subsequent levels of the Grievance Procedure.

### **2.3 Procedure**

#### **A. Level One:**

Any teacher who has a grievance shall discuss it first with his immediate superior (department head, director, Assistant Principal, Principal) in an attempt to resolve the matter on an informal basis. If the problem remains unresolved, the matter should be brought to the attention of the building Principal for informal discussion.

#### **B. Level Two:**

If, as a result of the informal discussion with the Principal, the matter is not resolved to the satisfaction of the teacher within seven school days, he shall set forth his complaint in writing to the Principal stating:

- i. The nature of the grievance.
- ii. The nature and extent of the loss, injury or inconvenience.
- iii. The results of previous discussions.
- iv. His dissatisfaction with the decisions previously rendered.

The Principal shall communicate his decision to the teacher and to the Association in writing within seven school days of receipt of the written complaint.

C. Level Three:

The teacher may appeal the Principal's decision to the Superintendent of Schools within seven school days. The appeal to the Superintendent must be made in writing and must set forth the grounds upon which the grievance is based. Upon request by the teacher, the Superintendent shall have a conference with the teacher and his representative, if any. The superintendent shall attempt to resolve the matter as quickly as possible, but within a period not to exceed seven school days. The Superintendent shall communicate her decision in writing to the individual and to the Association.

D. Level Four:

If the grievance is not resolved to the teacher's satisfaction, he may request a review by the Board within seven school days. The request shall be submitted in writing through the Superintendent of Schools who shall attach all related papers and forward the request to the Board. The Board, or a committee thereof, shall review the grievance, hold a hearing with the teacher if requested by the teacher, and render a decision in writing setting forth its reasons to the teacher and the Association within fourteen school days.

E. Level Five:

- i. If the grievant is not satisfied with the disposition of the grievance at Level Four, the Association may submit the grievance to advisory arbitration not later than fifteen (15) school days after receipt of the decision by the Board.
- ii. Within ten (10) school days after such submission for arbitration, the Board and the Association shall attempt to agree upon a mutually acceptable arbitrator. If the parties are unable to agree upon an arbitrator, either shall request the Public Employment Relations Commission to appoint an arbitrator.
- iii. The arbitrator shall confer with the representative of the Board and of the Association and shall proceed with a hearing and submit a written report in the shortest possible time setting forth his findings of fact, reasoning and conclusions on the issues submitted. The arbitrator shall be without power or authority to make any decision, which requires the commission of an act prohibited by law or which is violative of the terms of the Agreement. The decision of the arbitrator shall be advisory only to the Board and the Association.

- iv. The costs for the services of the arbitrator, including per diem expenses and actual necessary travel, subsistence expenses and the cost of the hearing room shall be borne equally by the Board and the Association. Any other expenses incurred shall be paid by the party incurring same.
- v. If time is lost by any teacher due to arbitration proceedings necessitating the retention of a substitute, the Board of Education will pay only the cost of the substitute; the time lost by the teacher must either be without pay or charged to personal time; however, if the arbitrator subpoenas a teacher to attend the arbitration proceedings as a witness, this teacher shall not suffer loss of pay.
- vi. Notwithstanding the above, the parties agree that in not more than one (1) arbitration per contract year (non-cumulative) may be submitted to an arbitrator, whose decision shall be final and binding upon both parties. The Association shall have the right to designate which arbitration shall be so binding, provided such designation is made and communicated in writing prior to the commencement of the arbitration in question. The Association's choice shall be limited to a grievance which must have reached Level Two of the grievance procedure in any contract year governed by the agreement.
- vii. Notwithstanding the above, the parties agree that any dispute which involves a disagreement as to whether the health insurance benefits provided employees herein are equal to or better than the health insurance benefits heretofore provided employees through the New Jersey Public and School Employees Health Benefits Plan may be submitted to an arbitrator whose decision shall be final and binding on both parties.

2.4 Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall permit the aggrieved teacher to proceed to the next step. Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed to be acceptance of the decision rendered at that step. However, either party may request one extension of ten school days at levels Two, Three or Four and if either party requests it, it shall be granted.

2.5 It is understood that teachers shall, during and notwithstanding the pendency of any grievance, continue to observe all assignments and applicable rules and regulation of the Board until such grievance and any effect thereof shall have been fully determined.

2.6 Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.

2.7 In the event a grievance is filed at such time that it cannot be processed through all the steps in this grievance procedure by the end of the school year, or if it is filed after the end of the school year, then the time limits shall be established by counting the weekdays following the end of the school year as school days.

3.2 Teachers who have earned a Bachelor's Degree, Bachelor's Degree plus 16 credits, Master's Degree, Master's Degree plus 16 credits, Master's Degree plus 32 credits, Master's Degree plus 48 credits, or a Doctor's Degree, will be placed on the appropriate guide. A Doctorate Degree shall be defined as only Ph.D. (Doctor of Philosophy Degree) Ed.D. Degree (Doctor of Education), or Psy.D. (Doctor of Psychology).

Request for and proof of any change in a teacher's placement on the salary guide shall be his responsibility. Changes will only be made upon submission of proof and will be made retroactive to the September 1 or February 1 immediately following the date of attainment, or 60 days retroactive from date of request, whichever is later.

3.3 All credits to be counted for advancement to the doctoral level, and all credits to be counted for advancement to the Master's plus levels, must be earned after the teacher has received his Master's Degree. An exception will be made for teachers who were in the River Dell system prior to July 1, 1966, and who earned graduate credits in a non-degree program prior to July 1, 1966. They will be permitted at any time to apply these credits toward the "plus levels" on the guide.

3.4 At no time can education courses which are required for obtaining a teacher's certificate be used for advancement on the salary guide, unless these education courses are taken as part of a degree program.

3.5A Equivalency credit may be given to all teachers who participate in approved workshops (such as M.S.S.C., Mathematics Institute, N.D.E.A., A.D.E.C. or Bergen County English Association). In order to receive such credit, the teacher must obtain the Superintendent's written approval for the program before he begins the workshop. Anything herein to the contrary notwithstanding, no more than one-third of the additional credits to be applied on each of the columns of the salary guide may be equivalency credits, as herein set forth. No more than three such equivalency credits may be transferred in from another district and those to be transferred in must have the prior approval of the Superintendent. All such credits shall be retroactive to teachers presently employed in the district.

3.5B The School Administration [Superintendent, Principal, Director of Curriculum], with advice and assistance of the selected teacher or teachers, may assign fifteen hours of inservice work to any teacher during each of the 2005-06, 2006-07, and 2007-08 school years. Each teacher will receive one inservice credit for each fifteen hours of time used during his conference periods or out of school time. The administration will determine when the inservice work has been successfully completed and the credit applied. The teacher will accept at least one such assignment, but, if at any time he has a complaint about the evaluation of the assigned inservice work, he can ask for a review by a committee consisting of the Director of Curriculum, Department Supervisor, and Principal.

3.6 The term "Credit," as used herein shall mean one full semester credit through June 30, 1992. The term "credit," as used herein for all courses taken after July 1, 1992 shall mean one full semester credit as commonly accepted for graduate credit given at a New Jersey State Institution approved by the State Department of Education.

Courses given by an accredited institution outside the State of New Jersey must receive prior approval from the Superintendent in order that the graduate course may be used for movement on the salary guide. The approval of the Superintendent will not be denied, provided the rigor (outline) of the course, class time and length of course be equal to a similar course given at a New Jersey Institution of higher learning and said institution is accredited by the agency governing that state.

Each sixteen credits for movement on the salary guide BA+16, (absent a first Masters Matriculation), MA+16, MA+32, and MA+48 shall include a minimum of six credits in one's certification up to a total of two such certifications.

The remaining credits must be in academic areas within the River Dell curriculum.

Any credits outside the above stipulations require prior approval by the Superintendent.

3.7 It shall be clearly understood by both parties that the salary schedules do not guarantee an automatic salary increase. The Board reserves the right to withhold for inefficiency or other good cause, any and all employment, adjustment and/or increments. In the event the Board wishes to exercise such a right, it does hereby agree to follow this procedure.

1. Whenever the Superintendent of Schools decides to submit a recommendation to the Board to withhold a salary increment, the employee to be so deprived shall be put on notice of this recommendation when it is made.
2. A failure to comply with the terms of this section shall not be grounds for the restoration of a withheld increment or the reversal of a decision to withhold.
3. The Board will not take necessary formal action until a date subsequent to the above meeting.
4. If the resultant action of the Board is to withhold an increment, it shall, within 10 days, give written notice of this action, together with the reasons therefor, to the employee concerned.

3.8 There shall be a total longevity allowance for each qualifying employee, which shall be a total of:
