 - Remedial Teachers
 - Permanent Substitutes
 - Special Subject Teachers
 - Nurses
- but excluding:
- Substitutes

- B. Unless otherwise indicated, the term "teachers", when used hereinafter in this Agreement, shall refer to all professional employees represented by the Association in the negotiating unit as above defined, and reference to male teachers shall include female teachers.

ARTICLE II

NEGOTIATION PROCEDURE

- A. The majority representative shall submit in writing proposals for collective negotiation to the Board on October 15th of the calendar year in which this agreement expires. Negotiations shall commence no later than November 15th of the same year and ground rules will be determined by the parties in negotiation at the first meeting.
- B. Any agreement so negotiated shall be reduced to writing and executed by both parties.

- C. This agreement shall not be modified in whole or in part except by an instrument in writing executed by both parties.

ARTICLE III

GRIEVANCE PROCEDURE

A grievance shall mean a complaint by an employee or group of employees in Article I, that there has been a personal loss or injury because of the interpretation, application or violation of policies, agreements and administrative decisions affecting such employee or employers.

An "aggrieved person" is the person or persons making the claim.

Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall permit the aggrieved teacher to proceed to the next step. Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed to be acceptance of the decision rendered at that step.

It is understood that teachers shall, during and notwithstanding the pendency of any grievance, continue to observe all assignments and applicable rules and regulations of the Board until such grievance and any effect thereof shall have been fully determined.

The Association as representative of a group of employees may appeal the interpretation, application or violation of policies, agreements and administrative decisions affecting said employees.

A group grievance of more than one teacher in one school shall commence with the school principal of the school.

If, in the judgment of the Association, a grievance affects a group or class of teachers in more than one school, the Association may submit such grievance in writing to the Superintendent directly and the processing of such grievance shall commence at that level. The Association may process such a grievance through all levels of the grievance procedure. The

grievance, however, must be signed by each of the individuals claiming loss or injury.

LEVEL I

Any teacher who has a grievance shall discuss it first with his principal (or immediate superior or department head, if applicable) in an attempt to resolve the matter informally. In order to identify the item for discussion, the teacher shall submit a slip of paper to the principal identifying the issue.

If, as a result of the discussion, the matter is not resolved to the satisfaction of the teacher within five (5) school days, he shall set forth his grievance in writing to the principal and the Association specifying:

- (a) the nature of the grievance
- (b) the nature and extent of the injury, loss or inconvenience
- (c) the results of previous discussions
- (d) his dissatisfaction with decisions previously rendered.

The principal shall communicate his decision to the teacher and the Association in writing within three (3) school days of receipt of the written grievance.

LEVEL II

The Association, no later than five (5) school days after receipt of the principal's decision, may appeal the principal's decision to the Superintendent of Schools. The appeal to the superintendent must be made in writing reciting the matter submitted to the principal as specified above and his or her dissatisfaction with decisions previously rendered. The superintendent shall attempt to resolve the matter as quickly as possible, but within a period not to exceed ten (10) school days. The superintendent shall communicate his decision in writing to the Association, principal, and teacher.

LEVEL III

If the grievance is not resolved to the teacher's satisfaction, he no later than five (5) school days after receipt of the superintendent's decision, may request a review by the Board of Education through the Association.

The request shall be submitted in writing through

the Superintendent of Schools who shall attach all related papers and forward the request to the Board of Education. The Board, or a committee thereof, shall review the grievance and shall, at the option of the Board, hold a hearing with the teacher and Association representative and render a decision in writing within thirty (30) calendar days of receipt of the grievance by the Board. In the case of a non-tenure teacher grieving nonrenewal of his or her contract, a hearing shall be granted by the Board, but such decision as the Board reaches as a result of this hearing shall not state reasons for not sustaining the teacher's grievance.

If the decision of the Board does not resolve the grievance to the satisfaction of the aggrieved, and the Association wishes review by a third party, the Association shall so notify the Board in writing through the superintendent within ten (10) school days of receipt of the Board's decision, except in the case of grievance involving any of the following points:

- (a) Any matter for which a method of review is prescribed by law or any rule or regulation of the State Commissioner of Education or any matter which according to law is either beyond the scope of Board Authority or limited to action by the Board alone.
- (b) A complaint of a non-tenure teacher which arises by reason of his not being re-employed.
- (c) A complaint by any certificated personnel occasioned by appointment to or lack of appointment to, retention in or lack of retention in any position for which tenure is either not possible or not required.
- (d) Any complaint which is not a matter of formal agreement between the Association and the Board.

LEVEL IV

The appeal of the aggrieved for review by a third party may be submitted to fact finding by the Association and the procedure for securing the services of a fact finder shall be those of the American Arbitration Association. Such determination as the fact finder shall make are not binding in any manner on either party to this agreement. The fact finder shall consider

only the matter submitted and shall not add to or subtract from any other matter of formal agreement. His finding shall be returned to the Board and Association within thirty (30) days after date of hearing.

A minority organization shall not present or process grievance.

The parties shall be responsible for all costs incurred by each, and only the fee and expenses, if any, of the fact finder shall be shared by each party paying one-half.

ARTICLE IV

TEACHER RIGHTS

The Board and the Association recognizes the right of teachers to form, join and assist any employee organization or to refrain from any such activity.

The Board and Association agree that there shall be no reprisals of any kind taken against any teacher by reason of his membership in or refusal to join the Association.

When the Board of Education or any of its committees requires any teacher to appear before such body, concerning any disciplinary matter which could adversely affect his position or salary, such teacher shall be given prior notice of the reasons for such meeting or interview and shall be entitled to have a person of his own choosing present to advise and represent him during such meeting or interview.

This procedure is not meant to restrict, limit or bypass the provisions of New Jersey Statutes Title 18 A:6-10, nor is it meant to require the Board to state reasons for the nonrenewal of contracts for non-tenure teachers.

Teachers who have been suspended without pay shall be reimbursed for such financial loss of salary if determination is made in their favor as a result of the grievance procedure.

The Board recognized that the teacher is primarily responsible for determination of pupil grades. If such

determination is superceded, the teacher will receive notification in writing.

Criticism by any administrator of the performance of a teacher(s) shall be made in confidence and not in the presence of colleagues and/or students.

The Board and Association agree that the personal life of a teacher is not an appropriate concern except as it effects performance of a teacher's job functions.

The Board and Association further agree that teachers shall continue to be entitled to the full rights of citizenship, including religious and political freedom.

ARTICLE V

ASSOCIATION RIGHTS AND PRIVILEGES

The Board agrees to make available to the Association information in the public domain which may be required by the Association in performing its representation function providing such request is received in writing.

The Association and its representatives shall have the right to use school buildings at all reasonable hours for Association meetings providing that such meetings be applied for in writing to the Superintendent of Schools and be within the guidelines of Board policies.

The Association shall have in each faculty lounge the use of a bulletin board. Copies of all materials to be posted shall be submitted to the building principal.

The Association shall have the privilege of reasonable use of inter-school mail and school mail boxes, providing that open materials, except meeting announcements, shall receive prior approval of the Superintendent.

The Association shall have the privilege of reasonable use of school facilities and equipment, including typewriters, mimeographing machines, other duplicating equipment, calculating machines, and all types of audio-visual equipment at reasonable times, when such equipment is not otherwise in use. The Association shall pay for the reasonable cost of all materials

and supplies incidental to such use, and for any repairs necessitated as a result thereof. Permission for the use of such facilities and equipment shall be requested in writing from the Superintendent or his designee, who will be the Principal of a school building if the Superintendent or his designee is not available.

Board shall provide time to the Association president or his designee to speak to new teachers during orientation.

Whenever any teacher is required to participate during working hours in negotiations or grievance proceedings with the Board, he shall suffer no loss in pay.

The Association will be provided a storage space for a file in one location in one of the faculty lounges.

The rights and privileges of the Association shall be as specified in Chapter 303, Public Laws 1968 and all other appropriate State Statutes.

The President of the Association shall not be assigned scheduled duties before or after school. In unusual circumstances where a non-scheduled assignment must be made temporarily, such assignment shall not be frequently recurring. In an unusual circumstance(s) where the service(s) of the President of the Association can be of assistance to the interests of the School District, he may request released time of the Superintendent of Schools who may grant such time as in his determination is required.

ARTICLE VI

TEACHER WORK YEAR

The Association shall appoint a committee to study and make recommendations to the Superintendent for his consideration concerning the school calendar. Such recommendations shall be delivered to the Superintendent by February 1st of each year of this agreement's duration.

The teacher work year shall not exceed 182 days. New teachers will be required to attend one additional orientation day at the beginning of the school

year and all teachers may be required to attend one additional day at the end of the school year if satisfactory check out is not accomplished in one day. Determination of the necessity for use of either or both of these days shall be as required by the Superintendent of Schools.

If during the school year the Board changes the teachers' work year schedule, then notification of such change shall be sent to the Association.

Such reimbursement shall not be applicable for travel to or from any building of employment at the beginning or end of the work day.

For teachers who use their automobile in the authorized performance of their duties, the Board shall provide liability insurance coverage for such periods as an addition to the maximum liability insurance coverage carried and paid for by the individual teacher.

Board will continue to utilize teacher aides for the duration of this agreement.

ARTICLE X

by the Board of Education, but at a step no less than that specified below:

- (3) Credit shall be allowed for future service according to the following schedule: A maximum of two years' credit for service in the Peace Corps, Vista, National Teacher Corps, or time spent on Fulbright Scholarship. Service in more than one of the organizations listed herein shall receive total credit for no more than two years' maximum.

Previously accumulated sick days shall be restored to all returning teachers on Board approved leaves, but no days shall be added for period of leave.

Nothing in this article is to be interpreted as denying the Board's authority to refuse a contract, salary increment, or raise for unsatisfactory service as determined by the Board.

All teachers who shall not receive a contract, salary increment or raise shall be notified in writing no later than April 15th.

The Board will hire only certificated teachers in accordance with New Jersey Statutes Title 18:A and the Rules and Regulations of the New Jersey State Board of Education.

This increase will be given in addition to the teacher's normal increment. However, this provision shall not be valid for experienced teachers who re-enter teaching after a break in service for any reason during this contract year, nor shall this provision be valid for new teachers entering after September 1, 1972, and serving but a portion of the school year.

ARTICLE XII

TEACHER ASSIGNMENT

- (A) All teachers shall be given written notice of changes in class and/or subject assignments or building assignments for the forthcoming year by May 1st. Should change be required after this date written notice will be sent to the teacher at

- (B) In the determination of requests for voluntary re-assignment and/or transfer, the wishes of the individual teacher shall be honored to the extent that the transfer does not conflict with the instructional requirements and best interests of the school system. Teachers who desire a change in grades and/or subject assignment may file a written statement of such desire with the Superintendent stating the grade and/or subject desired and the school or schools to which transfer is requested. Such requests will be considered when scheduling is made, but this consideration is not intended to limit the flexibility of the administration.

ARTICLE XIV
INVOLUNTARY TRANSFERS
AND REASSIGNMENTS

Notice of an involuntary transfer or reassignment shall be given to the teacher affected in writing, in person or by certified mail, to the individual teacher's home or file address when determined by the Board of Education. The teacher so affected may request and be granted a conference with the Superintendent of Schools or his designee concerning the need for such change.

ARTICLE XV
PROMOTIONS

A notice of a vacancy in administrative positions to be filled shall be sent to each school for posting at least fifteen (15) days before the final date when applications must be submitted. A copy shall be sent to the Association if such administrative vacancy becomes available in a Summer recess period when schools are closed.

Teachers who desire to apply for any such vacancies above shall submit their application in writing to the Superintendent. When a vacancy described in notice is filled, the Superintendent may destroy all applications for said positions.

ARTICLE XVII

TEACHER EVALUATION

A teacher shall have the right to see his formal observation reports, and shall have the right to a signed copy of any formal observation report.

Nothing in a teacher's file will be used in disciplinary proceedings unless the teacher has received a copy prior to any hearing for discipline.

Nothing in this article is to be construed as altering or bypassing the tenure statutes of New Jersey Statutes 18A Annotated.

All formal observation of the work performance of a teacher shall be conducted openly and with full knowledge of the teacher. This is not to preclude informal observation concerning the caliber of a teacher's performance and/or work by administrators approved by the Board. Three formal observations will be conducted during the school year.

Both parties to this Agreement understand that the purpose of formal observations is to assist and constructively develop teacher ability and/or performance.

Non-tenure teachers will have received all three prior to contract issue for the following school year.

Tenure teachers will have at least one prior to contract issue.

A teacher shall receive a copy of any written complaints regarding a teacher made to any member of the administration or the Board by any parent, student, or other person.

Both parties to this Agreement understand that formal observations are but one portion of the overall evaluation of a teacher's work performance.

ARTICLE XVIII

TEACHER FACILITIES

Storage space will be provided in each classroom for materials and supplies. In addition, each classroom will have a filing facility, chair, desk, adult dictionary and sufficient materials for performance of teaching responsibilities and chalkboard space. Teachers who work in more than one school building shall be assigned a classroom or office for their use outside of regular teaching hours with a desk or other equivalent facility and a place to store materials and supplies for their use in preparing or implementing teaching assignments. This does not mean that more than one teacher will not be assigned to a room.

Upon return from leave granted pursuant to Section B of this Article, a teacher shall be considered as if he were actively employed by the Board during the leave and shall be placed on the salary schedule at the level he would have achieved if he had not been absent, provided, however, that time spent on said leave shall not count toward the fulfillment of the time requirements for acquiring tenure. A teacher shall not receive increment credit for time spent on a leave granted pursuant to Sections A or C of this Article, nor shall such time count toward the fulfillment of the time requirements for acquiring tenure.

There is no change in current Board policy of not reimbursing for courses taken to complete certification requirements. Courses must be on a graduate level in the teacher's area of specialization and all courses must have prior approval of the Superintendent. Special consideration may be given by the Superintendent for courses taken outside the teacher's area of specialization providing it can be demonstrated that such courses will be of specific benefit to the teacher and the district.

(3) for the purpose of self-defense; and

(4) for the protection of persons or property; and such acts, or any of them, shall not be construed to constitute corporal punishment within the meaning and intendment of this section. Every resolution, by-law, rule, ordinance, or other act or authority permitting or authorizing corporal punishment to be inflicted upon a pupil attending a school or educational institution shall be void.

ARTICLE XXV

MAINTENANCE OF CLASSROOM CONTROL

An administrative guideline for teachers to handle behavioral problems of students shall be distributed to all teachers by October 1st of the school year, if not already in their possession, or if the guideline is changed.
