Longevity will be paid in the following manner:

5-9 years of service \$200.00 each year
10-14 years of service \$300.00 each year
15-19 years of service \$400.00 each year
20-24 years of service \$500.00 each year
25 years of service thereafter \$600.00 each year.

Longevity will be paid in the first pay period in the anniversary month of the employee(s), minus all standard payroll deductions.

SALARIES AND WAGES

The rates of pay for all employees covered by this Agreement for calendar years 2012, 2013, 2014, and 2015 shall be set forth in the compensation schedule (Step Guide) attached as Attachment B. Step movement for employees hired prior to January 1, 2006 will occur on January 1 for each year of the contract.

The contract for the period of January 1, 2012 through December 31, 2015 is fully retroactive. In 2012, there is no monetary improvement in the steps of the guide. Those employees who were on the step guide in 2012 and in step will move to the next step of the guide on their anniversary dates. Those employees who were at the top step of the guide will receive a lump sum payment of \$690, which amount shall not be applied to their guide step.

Effective January 1, 2013, guide steps 1-7 will be improved across the board by .5%. The top steps of then guide (Step 8) will be improved across the board by two percent (2%). Step movement will occur on anniversary date. The anniversary date step movement increase will reflect the difference between each January 1 cost of living increase and the appropriate salary guide step amount.

Effective January 1, 2014, guide steps 1-7 will be improved across the board by .5%. The top steps of the guide (Step 8) will be improved across the board by two percent (2%). Step movement will occur on anniversary date. The anniversary date step movement increase will reflect the difference between each January 1 cost of living increase and the appropriate salary guide step amount.

Effective January 1, 2015, guide steps 1-7 will be improved across the board by one percent (1%). The top steps of the guide (Step 8) will be improved across the board by two

percent (2%). Step movement will occur on anniversary date. The anniversary date step movement increase will reflect the difference between each January 1 cost of living increase and the appropriate salary guide step amount.

Throughout the term of the 2012-2015 Agreement, the County and the UAW will meet to negotiate economic terms that will implement changes to Step 7 of the guide where the increases to the top step represent monetary improvements of four percent (4%) and higher. Such monetary improvement, loosely described as "bubble steps," will be addressed to eliminate the effects of such bumps. Each step will be individually addressed, but the overall goal of the parties will be to create new steps that will "break" such bubbles. Breaking such step movement in half is the intended goal. In addition, the parties are committed through such negotiations to address the guide that will appear in the successor contract, with the goal being to create consistencies in step movement that will have the effect of compressing the guide to eliminate "bubbles" and to minimize the overall cost of step movement within the guide.

The above changes contemplated to Step 7 will be made applicable to the 2012-2015 Agreement on December 1, 2015, and upon such condition, as well as upon the articulation of principles of agreement to the establishment of a 2016 Step Guide consistent with the Memorandum of Understanding of March, 2013 (Attachment C), the County will implement 2016 step movement on January 1, 2016, irrespective of whether a full contractual understanding is in place, and will henceforth grant incremental movement annually notwithstanding the absence of an executed successor agreement at the time of contract expiration. Further, effective January 1, 2016, all anniversary dates that are the basis for monetary movement shall be established as occurring on January 1. Accordingly, the anniversary date applicable to all County employees, effective January 1, 2016 shall be January 1.

After January 1, 2016, all newly hired employees shall have anniversary date movement as follows. Employees hired between January 1 and June 30 will move on their "hire step" to the next applicable step of the guide the immediately following January 1. Employees hired July 1 through December 31 will cycle through the entirety of the next calendar year on their "hire step." The term "hire step" shall include any step to which there was mandatory movement in the employees' wages due to the satisfaction of a probationary status. The express intent of the parties is to require that employees whose wages are mandatorily increased due to a successful completion of probationary employment maintain such increases to their wages minimally for a full twelve-month period before their wages are improved on the immediately succeeding January anniversary date.

A UAW member's hourly rate shall be determined by dividing the member's annual salary by the scheduled number of hours to be worked in the particular year of this Agreement.

DURATION

This Agreement shall be effective as of January 1, 2012 and continue until the 31st day of December, 2015.

This Agreement shall automatically renew itself on a year-to-year basis after the initial four (4) year term, unless either party gives as least sixty (60) days' notice to terminate or modify this Agreement, and it shall remain in full force and effect during all period of negotiation and until the Agreement is formally agreed to.

The parties shall immediately proceed to produce a comprehensive collective negotiations agreement for 2012-2015 for execution at the earliest possible date. Agreements applicable to Health Department employees shall be separately appended to the parties' Agreement unless available for integration within the Agreement.

The parties shall mutually cooperate in the drafting of their Agreement and in obligations of notification required to governmental agencies arising under the EERA and other regulatory requirements. The Union shall have the right to publish true copies of the Agreement for dissemination as it sees fit and to hold out such copies as being the Agreement of the parties; however, the originally executed copies of the Agreement maintained by the parties shall comprise, as replicated, the official copies of the Agreement for legal purposes.

ATTACHMENT C

The following is an outline of the principles of agreement with UAW:

The monetary terms of the agreement apply only to those employees who are current on the county payroll the date the memorandum of understanding is signed.

The contract is for the period of January 1, 2012 through December 31, 2015 and is fully retroactive. In 2012 there is no monetary improvement in the steps of the guide. Those employees who were on the step guide in 2012 and in step will move to the next step of the guide on their anniversary date. Those employees who were at the top step of the guide will receive a lump sum payment of \$690, which amount shall not be applied to their guide step.

Effective January 1, 2013 guide steps 1-7 will be improved across the board by .5%. The top steps of the guide (Step 8) will be improved across the board by 2%. Step movement will occur on anniversary date.

Effective January 1, 2014 guide steps 1-7 will be improved across the board by .5%. The top steps of the guide (Step 8) will be improved across the board by 2%. Step movement will occur on anniversary date.

Effective January 1, 2015 guide steps 1-7 will be improved across the board by 1%. The top steps of the guide (Step B) will be improved across the board by 2%. Step movement will occur on anniversary date.

Throughout the term of 2012-2015 Agreement, the County and the UAW will meet to negotiate economic terms that will implement changes to Step 7 of the guide where the increases to top step represent monetary improvements of 4% and higher. Such monetary improvement, loosely described as "bubble steps", will be addressed to eliminate the effects of such bumps. Each step will be individually addressed, but the overall goal of the parties will be to create new steps that will "break" such bubbles. Breaking such step movement in half is the intended goal. In addition, the parties are committed through such negotiations to address the guide that will appear in the successor contract, with the goal being to create consistencies in step movement that will have the effect of compressing the guide to eliminate "bubbles" and to minimize the overall cost of step movement within the guide.

The above changes contemplated to Step 7 will be made applicable to the 2012-2015 Agreement on December 1, 2015, and upon such condition, as well as upon the articulation of principles of agreement to the establishment of a 2016 Step Guide consistent with this Understanding, the County will implement 2016 step movement on January 1, 2016, irrespective of whether a full contractual understanding is in place, and will henceforth grant incremental movement annually notwithstanding the absence of an executed successor agreement at the time of contract expiration. Further, effective January 1, 2016, all anniversary dates that are the basis for monetary movement shall be established as occurring on January 1. Accordingly, the anniversary date applicable to all county employees, effective January 1, 2016 shall be January 1.

After January 1, 2016 all newly hired employees shall have anniversary date movement as follows: Employees hired between January 1 through June 30 will move on their "hire step" to the next applicable step of the guide the immediately following January 1. Employees hired July 1 through December 31 will cycle through the entirety of the next calendar year on their "hire" step. The term "hire step" shall include any step to which there was mandatory movement in the employees' wages due to the satisfaction of a probationary status. The express intent of the parties is to require that employees whose wages are mandatorily increased due to a successful completion of probationary

employment maintain such increases to their wages minimally for a full twelve period before their wages are improved on the immediately succeeding January anniversary date.

The parties further shall implement upon the execution of this MOU all agreements previously TOK'd during their negotiations, prospectively upon the date of execution of this MOU unless expressly agreed to the contrary in the drafting of the formal collective negotiations agreement. The parties commit themselves to correcting poorly drafted language in their current agreement and imbedded grammatical errors. Stale references in the Agreement to conditions no longer extant shall be eliminated. The arbitration panel provisions shall be under the stewardship of the grievance panels offered by the NJ Public Employment Relations Commission.

The parties shall immediately proceed to produce a comprehensive collective negotiations agreement for 2012-2015 for execution at the earliest possible date. Agreements applicable to Health Department employees shall be separately appended to the parties Agreement unless available for integration within the Agreement.

The parties shall mutually cooperate in the drafting of their Agreement and in obligations of notification required to governmental agencies arising under the EERA and other regulatory requirements. The union shall have the right to publish true copies of the Agreement for dissemination as it sees fit and to hold out such copies as being the Agreement of the parties; however, the originally executed copies of the Agreement maintained by the parties shall comprise, as replicated, the official copies of the Agreement for legal purposes.
