MATERNITY LEAVE OF ABSENCE

502.1

The Board of Education shall grant any request by an employee for a maternity leave of absence. This shall be in accordance with the following provisions:

1. A request for maternity leave must be submitted at least 60 days prior to commencement of such leave. The request for maternity leave shall state a specific commencement date at any time prior to the expected date of birth and specific return date which in no case shall be later than the first day of the second September following the beginning of the maternity leave.
2. At the employee's request, or at the request of the Board of Education and upon the recommendation of the superintendent, the commencement and/or return dates may be extended or reduced for a reasonable period for medical reasons associated with the pregnancy or birth. In no case shall the employee on maternity leave be returned to duty until the Board's contractual obligations for the employee's replacement have been fulfilled and such action is deemed by the Board to be in the best interests of the pupils and the school under the then existing circumstances of any individual case.
3. No salary or other fringe benefits shall be paid to an employee on maternity leave of absence, and time spent on maternity leave of absence shall not count toward placement on the salary guide or seniority.
4. The Board of Education shall not be obligated to extend the maternity leave of absence of a non-tenured employee beyond the expiration date of the employment contract in effect at the time the maternity leave of absence commences.
5. Any employee giving notice of intent to adopt an infant child shall receive similar leave which shall commence upon the receipt of de facto custody of said infant, or earlier if necessary to fulfill the requirements for the adoption, providing the superintendent received notice at the time of the making of the application for adoption.
6. Failure of the employee to resume duties on the return date shall constitute grounds for dismissal.

502.2

Notwithstanding the provisions set forth in 502.1 above, upon the recommendation of the superintendent, the Board of Education may require a maternity leave of absence to commence on a date earlier than applied for if:

- (a) The Board of Education determines that the pregnant employee's teaching or other performance has noticeably declined; or
- (b) The pregnant employee is determined to be not medically able to continue teaching or perform other regular duties by written notice following examination and consultation by employee's physician and Board's physician. However, if there is a difference of medical opinion between the physicians, the two shall in good faith designate a third impartial physician who shall examine the employee at the equal expense of the Board and the employee, and whose medical opinion shall be conclusive and binding on the medical capacity to continue teaching or other regular duties; or
- (c) There is any other just cause.
