ARTICLE III

Grievance Procedure

A. Policy

The Board of Education hereby declares as a statement of policy that any employee invoking the Grievance Procedure herein set forth shall be free from any prejudicial or punitive action by reason of invoking such procedure.

Further, all documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.

B. Definitions

1. Grievance

A grievance is a claim by an employee or the Association based upon the application or violation of this agreement, policies, or administrative decisions involving a term or condition of employment of an employee or group of employees.

The term "Grievance" shall not apply to any matter as to which (1) a method of review is prescribed by law, or by any rule, regulation or by law of the Commissioner of Education or of the State Board of Education having the force or effect of law; or (2) in cases where the Board of Education is without authority to act; or (3) the failure or refusal of the Board of Education to offer a contract to a probationary employee.

2. Grievant

The grievant is the person or persons making the claim or on whose behalf the Association is making the claim.

C. Purpose

The purpose of this procedure is to resolve disputes that arise involving the terms and conditions of employment covered by this agreement. Both parties

agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

D. Procedure

1. Time Limits

The number of days indicated at each level is the maximum and every effort should be made to expedite the process. The time limits specified may, however, be modified by written mutual agreement.

2. Limitations on Filing

A grievance shall be initiated at Level One of the procedure within thirty (30) days of the occurrence of an event which gives rise to a grievance. Failure to act within said thirty (30) calendar day period shall be deemed to constitute an abandonment of the grievance.

Level One—Immediate Supervisor

The grievant shall first discuss it with his or her immediate supervisor (or principal if applicable) either directly, or through the Association's designated representative within five (5) work days after the filing date of the actual grievance as outlined in Section D Paragraph 2 in an attempt to resolve the matter informally at that level.

Level Two—Building Principal

If the grievance is not resolved informally to the satisfaction of the grievant, then the grievant shall file the grievance in writing with the building principal within five (5) work days after the supervisor's response. The building principal shall respond in writing within five (5) work days of receipt of the grievance.

Level Three—Superintendent of Schools

If the grievant is not satisfied with the disposition of his or her grievance at Level Two, he or she may file the grievance in writing with the Superintendent of Schools within five (5) work days of receipt of the response from the building principal. The Superintendent of Schools shall respond in writing within (5) work days of receipt of the grievance.

Level Four—Board of Education

If the grievant is not satisfied with the disposition of his or her grievance at Level Three, he or she may, within five (5) work days after a decision by the Superintendent, file the grievance in writing with the Secretary of the Board of Education. The Board of Education shall review the grievance at its next regular meeting, and all parties who have been involved at any stage of the procedure

shall have the right to be heard. The Board of Education shall render a decision in writing within thirty (30) days of the hearing.

Level Five—Binding Arbitration

- a. If the grievant is not satisfied with the disposition of the grievance at Level Four, he or she may, within five (5) work days after the decision by the Board of Education, request in writing that the Association submit the grievance to binding arbitration. If the Association determines that the grievance is meritorious, it may submit the grievance to binding arbitration within five (5) work days after receipt of a request by the grievant.
- b. Within ten (10) work days after such written notice of submission to binding arbitration, the Board and the Association shall attempt to agree upon a mutually acceptable arbitrator and shall obtain a commitment from said arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the specified period, a request for a list of arbitrators may be made to the Public Employment Relations Commission by either party. The parties shall then be bound by the rules and procedures of the Public Employment Relations Commission.
- c. The arbitrator shall be limited to the issues submitted to him or her and shall not add to, subtract from, or modify the terms of the agreement. The only grievances which may be arbitrated are those alleging that there has been a violation of the express, written terms of the locally negotiated agreement. The arbitrator shall not have authority to rule on grievances which concern the interpretation, application or alleged violation of the Board policies and administrative decisions affecting terms and conditions of employment, or of statutes and regulations setting terms and conditions of employment.
- d. Arbitration meetings will be held at times other than the regular school day.
- e. Each party shall pay its own costs for arbitration preparation. The parties shall share equally the fee and expenses of the arbitrator and arbitration proceedings.

E. Right to Representation

At any state of the grievance procedure, the aggrieved employee shall have the right to summon and have present witnesses on his or her behalf. The aggrieved employee shall have the right to be represented by counsel and to have speak on his or her behalf a representative of the Association. The right to participate in cross examination and/or argument on behalf of the aggrieved employee shall be limited to one person.

Nothing contained herein this procedure shall be deemed to require any employee to become a member of any organization, and any employee shall be entitled to a hearing under this procedure whether a member of any organization or not.

If in the judgment of the Representative Council of the Association, a grievance uniquely affects a group of teachers covered by this agreement, the Association may submit such grievance in writing directly to the Superintendent of Schools. If the Superintendent agrees that the grievance is such as to warrant direct consideration by him or her, then the processing of such grievances shall commence at this level. This procedure is not intended to apply to common grievances that could be resolved by immediate superiors or principals, but to unique grievances over which immediate superiors or principals have no control.

ARTICLE IV

Teacher Rights

A. Rights and Protection in Representation

Pursuant to Chapter 123, Public Laws of 1974, the Board hereby agrees that every employee of the Board shall have and shall be protected in the exercise of, the right, freely and without fear of penalty or reprisal, to form, join, and assist any employee organization or to refrain from any such activity.

F. Personnel Files

1. No material derogatory to a teacher's conduct, service, character, or personality shall be placed in the teacher's personnel file unless said teacher has had an opportunity to review the material, except such material as may have been received in connection with the application for employment of the teacher. The teacher shall acknowledge that there has been the opportunity to review such material by signing the copy to be filed, with the express understanding that such signature in no way indicates agreement with the contents or assents to its inclusion in the teacher's personnel file. The teacher shall have the right to append a written reply to such material.
2. The Board shall not establish any separate personnel file unless it is available for the teacher's inspection, with the exception of personal references solicited by the Board at the time of employment.

- b. Teachers shall have the right, upon request to review the contents of these personnel files in the presence of a person authorized by the Board. After an initial review of personnel files, a teacher may request a second review of the files accompanied by a representative of the Association, in the presence of the Superintendent or his or her designee.

Requests for personal leave which serve only to extend a weekend, holiday or vacation shall be denied.

D. Partial Days

When a teacher is absent for less than half the normal working day, it will be considered one half-day of personal leave. More than one-half day's absence will be considered a full day of personal leave.

E. Miscellaneous

1. No unused days shall be cumulative for use in another year.
2. Every absence must be reported in writing on the Employee's Absence Form on returning to work.

F. Bereavement Leave

Teachers shall be entitled to up to four days at any one time in the event of bereavement. If at the end of the contract period either the Board or the Association is dissatisfied, the bereavement policy will revert to the 1993-1996 contract language.

ARTICLE XIV

Teacher Observation and Evaluation

A. General

1. Observation and evaluation of the work performance of a teacher shall be conducted openly and with the full knowledge of the teacher. Such on-the-job evaluation shall include only school related activities and responsibilities.
2. Information regarding the performance of a teacher obtained by an administrator as the result of an on-the-job observation by another administrator may be included in an annual evaluation. However, such observations must be communicated to the teacher in writing. The teacher shall have the right to dissent with any or all parts of the evaluation and to have this written dissent appended to the report.
3. The Administration shall have the right to determine when the evaluation shall be made. In selecting the time for evaluations, supervisors shall consider all relevant factors which should be taken into consideration and shall avoid making evaluations at those times when, in the opinion of the evaluator, a fair evaluation may not be made. Supervisors shall make all evaluations as comprehensive as possible keeping with conditions then in existence.

B. Classroom Observation

1. Non-tenure teachers shall be observed by their immediate superiors (e.g., Supervisors of Instruction and/or Principal/Vice Principal) at least three (3) times each year. Tenure teachers shall be observed at least one (1) time each year. Each one of the minimum required observations shall be one class period in duration. The teachers shall be furnished with a copy of any classroom observation report within two (2) school days of the observation. A conference between the teacher and the observer for the purpose of identifying any deficiencies, extending assistance for their correction and improving instruction shall be held within three (3) school days of the observation. Additional observations and help are recommended for teachers experiencing difficulty. When possible, two or more persons should observe teachers independently. Where both teacher and observer agree that there has been an oversight, or a mistake in fact, in connection with any observation report, said observation report shall be rewritten to reflect the facts.
2. When the principal is not the observer, no observation report shall be submitted to him or her or any supervisor while such conference as outlined in B.1 above is pending. The teacher shall have the right to dissent with any or all parts of the

observation report and to have his or her written dissent appended to the report at the time of submission to the principal or other supervisor.

3. All teachers shall be required to sign completed observation forms. The signing of such forms does not signify approval by the teacher. Where teacher and supervisor agree that there has been an oversight, or a mistake in fact in connection with any observation, said observation shall be rewritten to reflect the facts.

C. Evaluation

1. Prior to the submission of annual evaluations, the administrator or supervisor writing the evaluations shall hold a conference with each teacher. Where both teacher and evaluator agree that there has been an oversight, or a mistake in fact in connection with any evaluation, said evaluation shall be rewritten to reflect the facts before submission. If the teacher objects to, or disagrees with statements in his or her evaluation he or she shall be allowed five (5) school days to append a written reply to the evaluation. The evaluation shall not be forwarded without this reply. If the teacher does not reply within the allotted time, the evaluation shall be forwarded to the Principal/Superintendent on the sixth school day.
2. All teachers shall be required to sign completed evaluation forms. The signing of such forms does not signify approval by the teacher. Where teacher and evaluator agree that there has been an oversight, or a mistake in fact in connection with any evaluation, said evaluation shall be rewritten to reflect the facts.
3. Annual evaluation reports shall be in addition to the classroom observation reports.

ARTICLE XV

Professional Courses

The Board encourages members of the professional staff to take courses for the betterment of their teaching capabilities and for their increased value to the school, and will subsidize up to one hundred percent (100%) of the tuition cost of such courses within the limits defined below and with the exception of courses which have been suggested or recommended by the Board.

A. Eligibility

The teacher shall have been a full time member of the professional staff for a full school year prior to enrollment in the course.

B. Approval of Courses

1. To be approved it must meet the following requirements:
 - a. The value and suitability of the courses shall have had approval of the Superintendent prior to enrollment by each individual.
 - b. Unlimited credits will be allowed for courses within a teacher's subject matter or in instructional strategies.
 - c. Up to ten credits will be allowed for courses outside the teacher's area of specialization. Up to three credits will be allowed for affective (personal) courses.
 - d. All courses must be taken in residence at an approved or accredited college or be part of the district's staff development program. Attendance at classes is required. Approval of independent study, research, dissertation, thesis credits and correspondence courses will be considered on an individual basis by the Superintendent.
2. All applications are to be submitted to the Superintendent of Schools for approval by the dates announced by the Superintendent of Schools to the staff for courses to be taken during the Fall, Spring or Summer semester. In the event that evidence is presented that college catalogues were not available by the dates announced yearly by the Superintendent, the Superintendent has the prerogative of extending the announced date for submission of application on an individual basis.

C. Payment

1. Proof of successful completion of the course shall be furnished to the Superintendent and endorsed by him or her before payment is made.
2. A teacher who does not return from the summer session will not be reimbursed.
3. Teachers not returning to their positions for the school year following that in which an approved course of study was taken will be required to reimburse the Board for such payment and will sign an agreement to that effect at the time of the application. Teacher reimbursement will be on or about June 30 of that school year providing they are still members of the school district.
4. For the term of this contract, this subsidy shall be one hundred percent (100%) of the tuition and laboratory fees. This one hundred percent (100%) is not to exceed \$1000 to any one teacher in a school year. Payment shall be made upon furnishing proof of successful completion of the course, and the total payment by the Board of Education will not exceed \$20,000 per year.

5. Reimbursement for courses outside a teacher's area of specialty will be made from monies remaining after subsidies have been paid for courses within a teacher's area of specialty.

D. Required Training

The Board agrees to pay the full cost of tuition and other reasonable expenses incurred in connection with any courses, workshops, seminars, conferences, in-service training sessions, or other such sessions which a teacher is required by the Board to take.

ARTICLE XVI

Deductions from Salary

A. Professional Dues

Deductions from salary of members of the negotiating unit for dues for the Pascack Valley Regional Education Association, The New Jersey Education Association or the National Education Association shall be made in accordance with the laws of the State of New Jersey (Chapter 310, PL. 1967)

B. Annuity Program

Whenever the Association desires to participate in an annuity program in accordance with the provisions of R.S. 18A:66-127, the Board shall participate on behalf of the employees in said program provided, however, that there shall be no more than two plans covering such annuity programs in 1996-1997 and no more than three plans in subsequent years. These plans shall be agreed upon mutually between parties.

ARTICLE XVII

Agency Fee

A. Purpose of Fee

If a teacher does not become a member of the Association during any membership year (i.e., from September 1 to the following August 31) which is covered in whole or in part by this agreement, said employee will be required to pay a representation fee to the Association for that membership year to offset the costs of services rendered by the Association as majority representative.

B. Amount of Fee

The representation fee in lieu of dues shall be in an amount equivalent to the regular membership dues, initiation fees and assessments charged by the majority representative to its own members less the cost of benefits financed through the dues, fees and assessments and available to or benefiting only its members, but in no event shall such fee exceed 85% of the regular membership dues, fees and assessments.

C. Deduction and Transmission of Fee

The Board agrees to deduct from the salary of any teacher who is not a member of the Association for the current membership year the full amount of the representation fee set forth in Section B above and promptly will transmit the amount so deducted to the Association.

The Board agrees to deduct the representation fee in equal installments, as nearly as possible, from the paychecks paid to each teacher during the remainder of the membership year in question. The deductions will begin thirty (30) days after the teacher begins his or her employment in a bargaining unit position.

D. Termination of Employment

If a teacher who is required to pay a representation fee terminates his or her employment with the Board before the Association has received the full amount of the representation fee to which it is entitled under this Article, the Board will deduct the unpaid portion of the fee from the last paycheck paid to said teacher during the membership year in question and promptly forward same to the Association.

E. Mechanics

Except as otherwise provided in this Article, the mechanics for the deduction of representation fees and the transmission of such fees to the Association will, as nearly as possible, be the same as those used for the deduction and transmission of regular membership dues to the Association.

F. Save Harmless

The Association shall save the Board harmless from any claim raised against it by an employee as a result of fulfilling its obligation under this article.

ARTICLE XVIII

Board Rights

The Board reserves to itself sole jurisdiction over matters of policy and retains the right, subject only to the limitations imposed by the language of this agreement, or any successor agreement, in accordance with applicable laws and regulations.

1. To direct employees of the school district;
2. To hire, promote, transfer, assign and retain employees in positions in the school district, and to suspend, to demote, discharge, or take other disciplinary action against employees (subject, however, to the provisions of the applicable statutes and rules and regulations of the State Board of Education in such cases made and provided) and all applicable laws and decisions of any New Jersey State or applicable Federal agency regarding these matters;
3. To maintain the efficiency of the school district operations entrusted to them.
4. To determine the methods, means, and personnel by which such operations are to be conducted, subject to all applicable laws and decisions of any State or applicable Federal Agency; and
5. To take whatever other actions may be necessary to carry out the matters of the school district; and to carry out without limitation, all the powers, rights, authority, duties and responsibilities conferred upon and vested in it, by the Constitutions of the State of New Jersey and of the United States and the laws of the State of New Jersey and of the United States, as the same have been interpreted either by administrative decisions or by appropriate courts of competent jurisdiction.

Nothing in the above shall limit the Association directly or indirectly in its duty to fairly represent the membership of the Association and to present grievances, proposals, counter proposals and to negotiate with the Board on wages, hours and other terms and conditions of employment.

ARTICLE XIX

1. The instruction, guidance, discipline, and supervision of students assigned to their classes.
2. Evaluation of the progress of students under their direction.

5. Complying with all applicable rules, regulations and policies of the Board, except as where otherwise provided by this agreement.
6. Where called upon by their superior to plan, guide, direct, evaluate, and supervise extra-curricular activities within the sphere of their competence, scheduled as per past practices. Volunteers shall first be sought.
7. Recommending to the Guidance Department such pupils as in the opinion of the teachers require assistance from the Guidance Department.
8. Any question or criticism of a supervisor or administrator by a teacher shall be made in private and not in the presence of students, parents, or other public gatherings.
9. Meeting with students for extra help as provided elsewhere in this agreement.

ARTICLE XX

Miscellaneous Provisions

A. Separability

If any provision of the agreement or any application of the agreement or any application of this agreement to any employee or group of employees is held to be contrary to law, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

B. Compliance between Individual Contract and Master Agreement

Any individual contract between the Board and an individual teacher, heretofore or hereafter executed, shall be subject to and consistent with the terms and conditions of this agreement. If any individual contract contains any language inconsistent with this agreement, this agreement, during its duration, shall be controlling.

C. Printing Agreement

The Association and the Board shall share equally in the costs of preparing, printing, and reproducing this agreement.

E. Fully Bargained Clause

This agreement represents and incorporates the complete and final understanding of the parties on all matters which were or could have been the subject of negotiations. During the term of this agreement, neither party shall be required to negotiate with respect to any such matter.

F. Waiver

The failure of either party to exercise any right it may have under this agreement shall not constitute a waiver of that right.

G. Modification

This agreement shall not be modified in whole or in part by the parties except by an instrument in writing duly executed by both parties.

ARTICLE XXI

Duration of Agreement

This agreement shall be effective as of July 1, 1996 and shall continue in effect until June 30, 1999. This agreement shall not be extended orally, and it is expressly understood that it shall expire on the date indicated, unless it is extended in writing.
